

### **Welcome - About**

*PixelFix is all about creativity inspired web design. PixelFix is maintained by Franky Aguilar, who is a student with the Art Institute of California – San Francisco, studying Web Design and Interactive Media, PixelFix was created for the artistic aspects of web media. Utilizing Illustration as one of the key factors to strong communication and presentation, the site will be a hub for creativity and community.*

### **Code**

*Get free tips on clean code, best practices, and even a few free scripts. See my achievements and failures; see what I have learned from code on my travels. Cross-browser XHTML, CSS, and JavaScript compatibility. Produce cleaner, organized code that works well with design.*
